Why?

- Programs come and go
- Turnover—all levels
- High costs to sustain
- Little follow-up built into models
- Diluted focus
- Because MO can do better!

 #MoDCIChat
@MOEduSAIL

How Does District Continuous Improvement Fit With MMD?

- **DCI** highlights 5 focus areas consistent with the MMD Content Framework
- Parallel structure provides a seamless transition to DCI (2019-20 SY)
- DCI maintains a focus on district implementation
- DCI is a framework not a program--consistent with MMD tenets

<https://dese.mo.gov/learning-services>

 #MoDCIChat
@MOEduSAIL

 MMD/DCI

DESE Welcome

Where Did We Start?

MMD started with Cohort 1 in 2017-18 school year, our first pilot districts – as illustrated by the blue stars.

Cohort 1 currently has:
15 districts
91 buildings

Where Are We Now?

Then in the 2018-19 school year we added Cohort 2, as illustrated by the green stars.

Cohort 1: 15 districts
91 buildings

Cohort 2: 49 districts
207 buildings

Scaling Up!

Total: 64 districts
298 buildings

DESE Welcome

- ✓ 1:00p Welcome Orientation Foundations 1

Where Are We Going?

2017-18
MMD Year 1
Cohort 1

15 Districts
91 Buildings

2019-2020 School Year
DCI Year 1
Cohort 1 (Year 3)
Cohort 2 (Year 2)

2018-19
MMD Year 2
Cohort 1 (Year 2) &
Cohort 2 (Year 1)

Added
49 Districts
207 Buildings

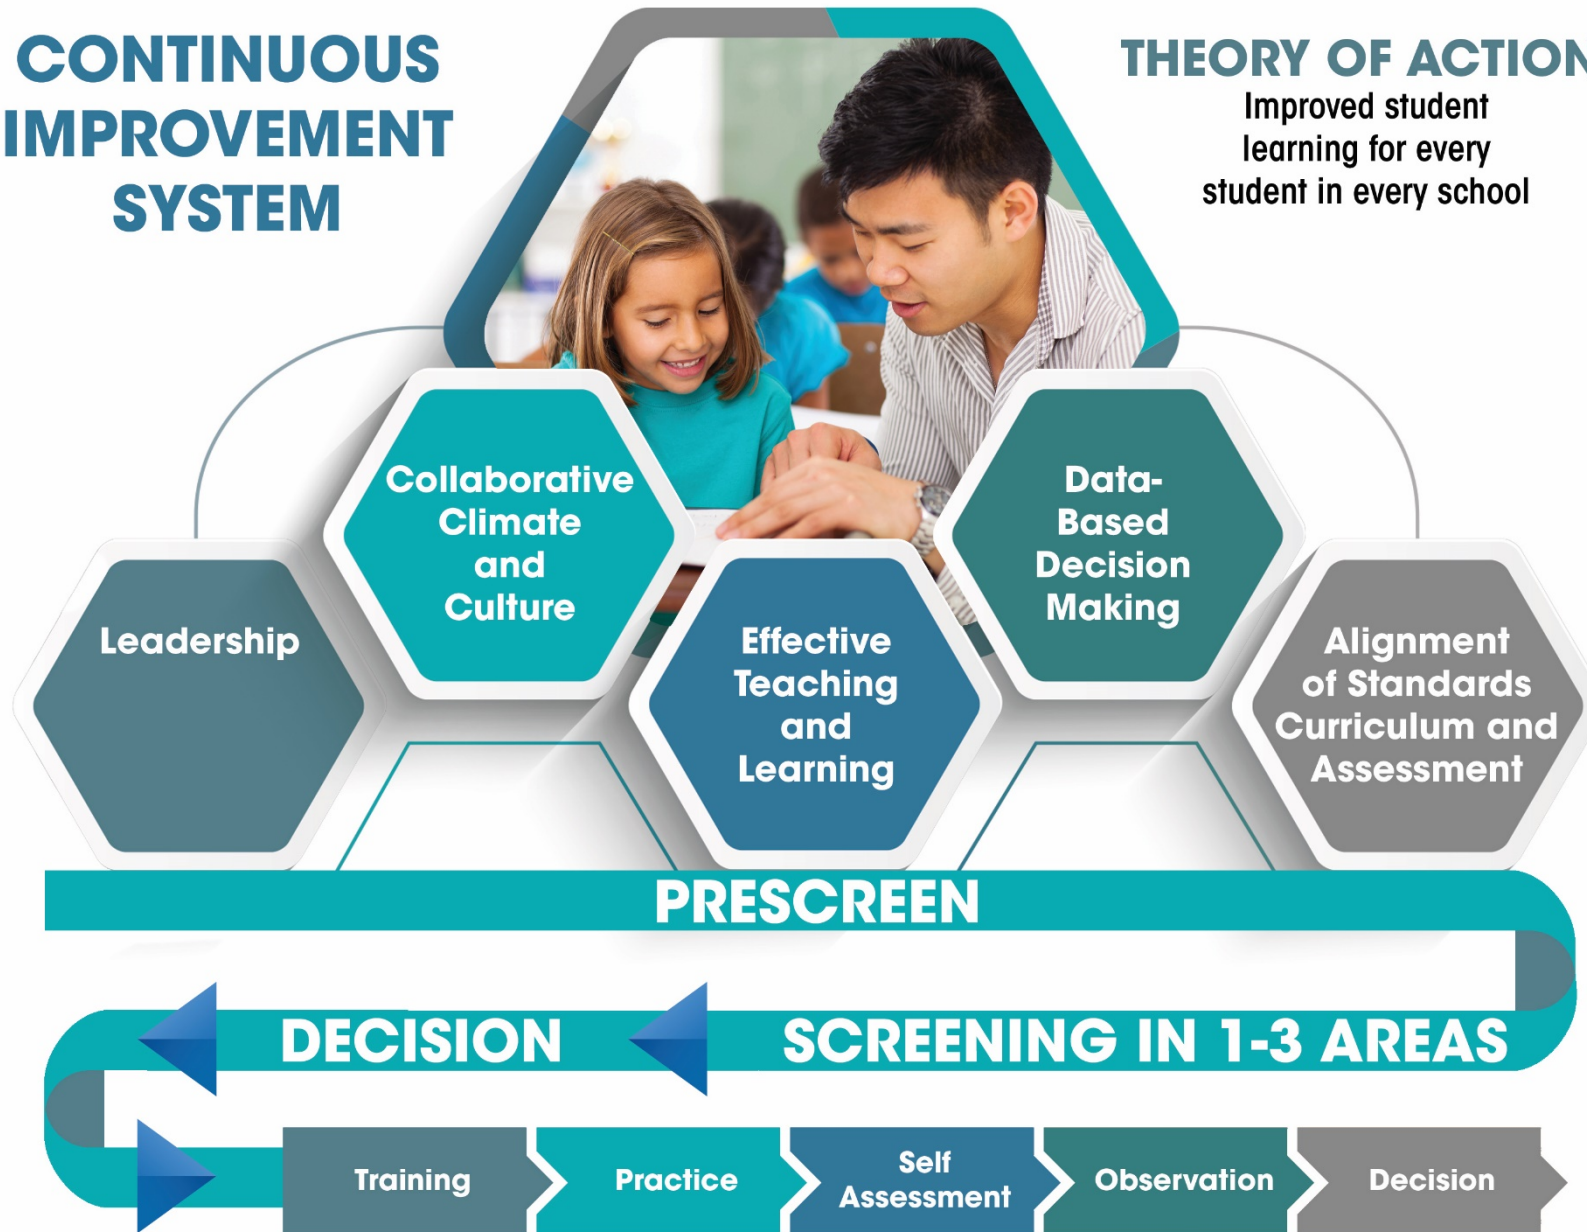

Potential
Scaling
Up!

As of Feb 4, will be adding approximately 60 districts and 243 buildings for a total potential scaling up of 124 districts and 541 buildings!

CONTINUOUS IMPROVEMENT SYSTEM

THEORY OF ACTION:

Improved student
learning for every
student in every school

 MMD/DCI

EFFECT SIZE

Magnitude of study outcomes (research)

- Supports meta-analysis of similar studies (comparative value)
- Supports comparing relative value of different practices/approaches/programs

Effect size matters

- $d = .20$ small
- $d = .40$ medium – the average – 1 year growth
- $d = .60$ large
- $d = 1.0$ = 2-3 years growth

Overview of Today

This afternoon we will focus on the MMD/DCI Basics

- ✓ Statewide System of Support
- ✓ Coaching Support Teams
- ✓ RPDCs and MoEdu-SAIL
- ✓ District Focus – highlighting Meramec Valley district
- ✓ MMD/DCI Content Framework – through the newly revised Blueprint and Step-by-Step
- ✓ Cadre time – getting acquainted, talking about first steps, etc

 #MoDCIChat

What is a cadre?

Cadre: A small group of school districts sharing similar demographics

Why cadres?

- To gain more of a state than regional perspective of “what works”
- To learn more in-depth about specific contexts across districts and implications for MMD/DCI
- Set the stage for districts to learn from each other
- To provide focused coaching support

 #MoDCIChat

What is a Coaching Support Team (CST)?

- Expertise: general/special education, behavior, data, technology, leadership, assessment, early childhood, elementary, secondary
- Approximately 5-10 team members
- Representative of the state and all RPDC regions
- Each CST has a Facilitator
- CST Facilitator & RPDC Directors working closely to assure consistency and cohesiveness.

 #MoDCIChat

What is a CST Facilitators Job?

- Be your primary contact for MMD/DCI
- Be your “tour guide” for the MMD/DCI process
- Facilitate cross-region collaboration
- Will work with you and the team to determine coaching needs and match-up the right expertise on the team
- Will work with you and the team to determine training needs and match-up with the right trainer in the state

 MMD/DCI

What do we hope to accomplish today and tomorrow?

Summit Objectives for Incoming Districts

1. Describe the framework, the research that supports its use, and its key elements to a co-worker who did not attend the Summit
2. Understand the steps of MMD/DCI implementation
3. Understand the current level of MMD/DCI implementation in my district
4. Describe the importance of a district focus for implementation
5. Understand how coaching will support and guide the implementation of effective educational practices and processes

Summit Objectives for Incoming Districts, continued

6. Know the ideal order for the implementation of effective practices
7. Know the effective practices that drive implementation and identify the first few action steps my district might need to take to start the process
8. Describe and find MMD/DCI tools and resources
9. Know what a CST is and who my district's CST facilitator is
10. Know the communication system used between CSTs and districts.

EMBEDDING THE WORK... MVR3 CSIP PLAN

STRATEGY 1: Teaching and Learning processes engage students in 21st Century Learning Skills.	Site/Department Program Eval.
ACTION 1: Align all PreK-12 curricula, instruction, assessment, and resources to the Missouri Learning Standards and the Missouri Model District Essential Components.	PreK-12
ACTION 2: All math instruction will follow a differentiated model to ensure all students' learning goals are met.	Elementary Buildings CC
ACTION 3: All classrooms will implement student goal setting and Assessment Capable Learner practices and strategies aimed at learning standards.	PreK-12 MMD Leadership Team
ACTION 4: Problem-solving, engineering practices, and inquiry will be embedded into the learning process daily across the curriculum.	K-12
ACTION 5: All classrooms will integrate and implement instructional technology strategies to improve student learning.	Technology/All Buildings
ACTION 6: Common Formative Assessments will guide teaching and learning decisions.	Asst. Supt. Curriculum/Principals
ACTION 7: Review all K-12 Health Education instruction to support "healthy" students.	Student Health Program Eval.

STANDARDS FOR PROFESSIONAL LEARNING			
<i>Professional learning that increases educator effectiveness and results for all students ...</i>	LEARNING COMMUNITIES: Professional learning that increases educator effectiveness and results for all students occurs within learning communities committed to continuous improvement, collective responsibility, and goal alignment.	LEADERSHIP: Professional learning that increases educator effectiveness and results for all students requires skillful leaders who develop capacity, advocate, and create support systems for professional learning.	RESOURCES: Professional learning that increases educator effectiveness and results for all students requires prioritizing, monitoring, and coordinating resources for educator learning.
	DATA: Professional learning that increases educator effectiveness and results for all students uses a variety of sources and types of student, educator, and system data to plan, assess, and evaluate professional learning.	IMPLEMENTATION: Professional learning that increases educator effectiveness and results for all students applies research on change and sustains support for implementation of professional learning for long-term change.	OUTCOMES: Professional learning that increases educator effectiveness and results for all students aligns its outcomes with educator performance and student curriculum standards.

PDC Goal 1: Instructional decisions will be based on formative and summative student assessment data.
(Teacher Standards 2, 3, and 7)

PDC Goal 2: Consistent, effective instruction will be evidenced in every district classroom through district standardized expectations for all students, collaborative planning, and training/support in best practices.
(Teacher Standards 2, 3, 4, 6, & 7)

PDC Goal 3: Effective instructional programs will be implemented to meet the needs of all Meramec Valley R-III students.
(Teacher Standards 1-7)

PDC Goal 4: PDC will support district and building efforts to consistently partner with district parents and community.
(Teacher Standard 9)

PD Cycle 2-Assessment for Learning

Second and third-year teachers and experienced teachers new to MVR-III are required to have training in *Developing Assessment Capable Learner* (2nd-year teachers & experienced teachers new to the district-year 1) and *Data-Based Decision Making* (3rd-year teachers & experienced teachers new to the district-year 2). This cycle is known as PD Cycle 2 and aligns to many teaching standards but in particular Teacher Standards 2-Student Growth, Development, and Learning & Standard 7-Student Assessment and Data Analysis.

This cycle will be supported by the MVR-III Instructional Coaching Staff. 2nd-year, 3rd-year, and experienced new-to-the-district teachers (years 1 & 2) can expect to have weekly visits/collaborations with their Instructional Coach.

 MMD/DCI

Foundations: Data-Based Decision Making (DBDM)

Essential functions of Data-Based Decision Making:

- Educators establish a collaborative process for collecting data = Gather
- Educators implement a process for examining and interpreting data = Analyze
- Educators determine instructional action steps = Intentionally Act & Analyze Again
- Educators use and act upon data by incorporating teaching and learning data into instruction and adjusting instruction accordingly = Notice & Adjust

Educators repeat the steps with new data to promote meaningful gains in student learning.

 MMD/DCI

Foundations: Common Formative Assessments

Essential functions of Common Formative Assessment:

- Educators develop clear and meaningful learning targets to guide instruction and student learning.
- Educators establish clear and measurable student success criteria in a rubric, scoring guide, or checklist.
- Educators construct and/or use quality assessment instruments of sound design and that measure the learning targets.
- Educators use assessment data to improve student learning.

? Reflective Questions (CFA)

What are ways in which you make sure the learning goals in your classroom are clear and meaningful?

Are your success criteria clearly aligned to learning goals?
How do you make sure that your success criteria clearly relate to what students say and do?

How do you ensure that the assessments you use are high quality and provide opportunities to clearly show where students are in relation to mastery of the learning target?

Collaborative Teams

Collaboratively develop common purposes and goals for improved student outcomes that embrace continuous school improvement.

Effectively implement group processes in collaborative meetings.

Intentionally use collaborative skills in team meetings.

Data-Based Decision Making

Establish a collaborative process for collecting data.

Implement a process for examining and interpreting data.

Determine instructional action steps.

Use and act upon data by incorporating teaching and learning data into instruction and adjusting instruction accordingly.

Common Formative Assessment

Develop clear and meaningful learning targets to guide instruction and student learning.

Establish clear and measurable student success criteria in a rubric, scoring guide, or checklist.

Construct and/or use quality assessment instruments which are of sound design and measure the learning targets, which are aligned to the Missouri Learning Standards.

Use assessment data to improve student learning.

ETLP: Developing Assessment Capable Learners

Students who are assessment capable learners are accountable for their own progress and become motivated, effective, self-regulated learners. They

- understand what they are supposed to learn through established learning targets set daily by the teacher.
- monitor their own progress.
- set goals in relation to the learning targets.
- reflect on their learning.

ETLP: Developing Assessment Capable Learners

Essential Functions of Developing Assessment Capable Learners

Educators

- teach students to determine “Where am I Going?”
- teach student to determine “Where am I Now?”
- teach students to determine “How do I Close the Gap?”

Putting DACL Into Place!

Questions for Team Reflections and Collaboration

- When coaching students to develop learning goals, do you use rubrics or scoring guides and sample work?
- Do you provide ongoing and meaningful feedback to students?
- Do you provide opportunity for students to self-reflect and document their learning?

Feedback

- When educators teach students to determine “Where am I now?,” they do so through effective feedback.
- Feedback is defined as “information provided by an agent regarding aspects of one’s performance or understanding.”

Feedback

The practice of feedback is essential in developing assessment capable learners

Essential functions of effective feedback

Educators

- provide descriptive task feedback to all students that clearly links to learning goal and success criteria
- provide feedback about strengths and offers information to guide improvement to all students multiple times throughout the learning process
- pace instructions to allow for frequent, descriptive feedback to all student and allows time for students to act on the feedback received

Feedback ~ Continued

The practice of feedback is essential in developing assessment capable learners

Essential functions of effective feedback

Educators

- ask students to self-regulate by assessing their own progress and justifying their assessment multiple times throughout the learning process
- instruct students to set personal goals based on feedback and self assessment

ETLP: Metacognition

- Metacognition occurs when a student is conscious of her/her thinking and level of cognition while in the process of learning.
- Metacognitive learner develop mental maps or pictures as a way of connecting ideas and concepts.
- They pose internal questions to guide their inquiry.
- They consciously review their learning steps/tasks and self-evaluate their own outcomes

Metacognition Effect Size = 0.60

Learning Targets

I am learning to:

1. Understand the purpose and benefits of School-Based Implementation Coaching
2. Develop and maintain coaching relationships
3. Provide effective feedback
4. Develop a strategic and differentiated coaching plan
5. Use solution dialogue
6. Progress monitor implementation of effective educational practices

Becoming an Instructional Leader of Your Building

Areas of Instructional Focus

Collaborative Culture and Climate

How can we work in an environment that promotes collaboration to improve performance for all students?

Effective Teaching/Learning Practices

What are the teaching/learning practices that are known to be highly effective and have a high impact on student learning?

Assessments

How is student learning monitored?

Data-Based Decision Making

How are students performing? What are the current gaps in student learning?

Key Actions

1. Ensure Effective Collaborative Teams

Building Leadership Team

- Represents educators across grades and content areas
- Focus on common goals
- Analyze building and classroom level student data

Collaborative Teams

- Analyze and prioritize strengths and weaknesses related to instruction

2. Facilitate Effective Use of Time

Teachers need time during the school day set aside for collaboration that includes

- training/professional development,
- data collection,
- data analysis, and
- team planning.

3. Establish Expectations for All Educators

- Accept responsibility for all students in all grade levels.
- Focus on learning and implementing effective teaching/learning practices and analyzes common formative assessments to evaluate the teaching/learning.
- Encourage and support each other to be successful learners and implementers of effective practices.

4. Ensure Wise and Focused Use of Resources

The building leader needs to ensure that resources are available to allow staff to carry out activities essential to learning including

- people (internal/external),
- time (job-embedded),
- professional development,
- materials, and
- money.

5. Monitor for Implementation & Collaboration

Ensure effective teaching/learning practices are implemented with fidelity, assessments are administered, data is used to inform instruction, and teachers are working together to help one another.

Reflection Questions:

What are your norms or expectations regarding reviewing data at meetings?

How do you use evidence of learning to determine effective practices?

How are common formative assessments used to plan next steps?

In what ways have you developed leadership team capacity for evidence-driven decision making?
