

Ticket to Ride the Rails

Riding the **train** can be fun. But, you can't get on a **train** until you have **paid** for your seat. The **train** master will take your ticket as you get on the **train**. There are other people who **aid** you on the train, too. They can feed you or tell when you can see the **main** sites outside. Did you know that some **trains** have a bed for you to sleep in at night?

My dad said the **train** was a **pain**. I loved the **train**. He said the **train** was slow like a snail. I say it goes just my speed. I loved going into the woods on the **rail**. The animals stopped eating to look at us as we went past. I guess they like the **railroad** tracks making a **trail** of faces pass by. I also saw a **sailboat** on a lake where a family was fishing.

Sometimes other trains drove by us. We saw **trains** that had **mail**, **grain**, and coal on them. We even saw a **train** that had cars and trucks on them. Some **trains** looked like boxes so we did not know what was on them.

But, our **train** was the best. It took me to my grandma and grandpa. Then on the way home we talked about all the fun we had riding the **rails** and seeing family!
