Effective teaching and learning for ALL students

Missouri District Continuous Improvement (DCI)

Are you an Assessment Capable District?	Proficient, I can do this well <u>all</u> of the time.	Close to Proficient, I am starting to understand what to do.	Far from Proficient, I am not sure how to do this yet.
<p>1. I have a clear idea on what DCI implementation looks like and how to support it.</p>	<ul style="list-style-type: none"> <li>I have a clear understanding of what ideal DCI implementation looks like at the district level.</li> <li>I have a clear understanding of the current level of DCI implementation in my district. I have a clear understanding of the key elements and processes that support DCI implementation.</li> <li>I have a clear understanding of how coaching will support and guide implementation of DCI effective educational practices and processes</li> </ul>	<ul style="list-style-type: none"> <li>I have a general understanding of what ideal DCI implementation looks like at the district level.
